

# Cardboard Recycling at the Curb!

On July 1, 2009 cardboard can be placed at the curb for recycling on your regular refuse collection day for residents in the City of Muscatine and City of Fruitland.

A separate garbage truck will drive by to pick up the cardboard at the curb. *(Please note the use of the garbage truck is a cost savings to the refuse collection program and the cardboard is being recycled, not thrown away into the landfill.)*

**Cardboard accepted is as follows:** Corrugated and paper board containers. This includes items such as cereal and tissue boxes, paper towel and toilet paper rolls, pizza boxes (no food please), paper egg cartons, and gift boxes. NO packing materials such as Styrofoam will be accepted.

***How do I put cardboard out for pick up?*** Place smaller pieces of cardboard in a larger cardboard box or bundle all cardboard together with string. Please do not leave boxes like the lower right photo for pick up.

For more information or questions in regards to cardboard curbside recycling, please contact the Muscatine Recycling Center and Transfer Station at 563-263-9689.
