

Important Information For Muscatine Residential Sanitation Customers:

The City of Muscatine's Sanitation Division is revising its garbage pickup routes and schedules. The new schedule will result in changes of garbage pickup day for some residents but not all. On the back side of this notice is a map of the new routes and schedules. Please set your garbage out no earlier than the night before pickup day and no later than 5:00 a.m. the day of pickup. This schedule will take effect starting Monday, August 4, 1997.

There has been and continues to be an increase in the number of new homes being built in Muscatine. We feel the garbage pickup schedule revisions are necessary due to residential growth. These adjustments will better centralize each day's routes and improve efficiency. It will make it easier for citizens and City staff to determine which day garbage pickup will be when citizens move to a different location.

Our goal is to make this transition as smooth as possible for everyone. The placement site for garbage pickup will not change. If you are a landlord, please make sure your tenants are aware of any changes in their garbage collection day. If your home is on a boundary line or if you have any questions about the schedule, please call the Sanitation Division at 263-9689 before the start up date, August 4, 1997. Thank you in advance for your patience and cooperation with the staff as we make these changes.

The Compost Site is open to the public on the following days and times:

Sunday - Friday - Noon till 6:00 p.m.
Saturday - 9:00 a.m. till 6:00 p.m.

R
